

For Immediate Release

Adaptive skiing gets veterans off the coach

MANSFIELD, Ohio – [The Adaptive Sports Connection](#) (ASC) in conjunction with other local patriotic supporters of the [Honor.Celebrate.Inspire.](#)™ initiative is offering veterans, and their families an opportunity to enjoy a day on the slopes free of charge on March 1, 2020, from 10 a.m. – 2 p.m. at the Snow Trails Ski Resort.

“Through adaptive skiing, we can help physically challenged veterans overcome barriers by helping them rediscover how to push their limits once again and in a lot of cases finding full independence on the slopes,” said Adaptive Sports Connection founder Dave Holzer.

The mission of the ASC (formerly The Adaptive Adventure Sports Coalition – TAASC) empowers children, adults, and veterans with physical and cognitive challenges through sports and therapeutic outdoor recreation.

“This country has given me so much; especially, those who defend our freedoms here and in my native country of Canada. I recently became an American citizen five years ago and I am glad my volunteers and I can support the Honor.Celebrate.Inspire. grassroots initiative and be able to pay it forward,” said Holzer

The HCI initiative brings together veteran support organizations, businesses committed to corporate responsibility to create a sea of goodwill to show appreciation and provide support for America’s warriors and their families by giving of their time, talent, and resources.

“We are looking to take our veteran support programs to the next level through future collaboration involving creative arts, mentorship, and professional development with key community partners as a part of our commitment to the Honor.Celebrate.Inspire. initiative,” said ASC Executive Director Sharon Schreiber.

Notable future joint events with community partners in support of the Honor.Celebrate.Inspire.™ initiative include the upcoming ASC Annual Boundless Courage [gala](#) featuring former NCAA National Championship winning head football coach Jim Tressel.
